Sandringham Floor Rugin Merlot from Baya. Rosy Angelis Floor Lamp from ECC. Isla Tassel Loafer in Pecan from La Tribe.

STYLIST'S TIP

Woodgrain is a beautiful way to add texture and interest into your interior. Resene Colorwood is an exciting way of treating natural timbers and enhancing the grain. It gives coloured timbers that see-through look as it allows the natural grain of all timbers to show through.

STYLIST'S TIP

In interior design, geometric forms provide clarity and organization, and organic forms add movement and softness. The perfect room design will combine both forms to create balance and harmony.
